

www.halfpricedrapes.com has been working with eBrandz for the past 5 years. We started with the SEO services and to date continue with them. eBrandz has been instrumental in our SEO effort and has placed halpricedrapes.com at the top level on major search engines on most competitive keywords.

Recently we decided to expand our online marketing and we decided to include affiliate marketing in our marketing mix. We decided to utilize ebrandz's affiliate management services to launch and manage our affiliate marketing effort.

eBrandz, has assigned us our account manager and he has been instrumental in implementing our affiliate program. I would be honest, I was very skeptical about affiliate marketing but to my utter surprise it has proven to be the most effective marketing tool we have ever implemented. I wish I would have implemented this program few years ago.

Within the short period of 3 months, due to incredible effort of ebrandz we have signed over 150 quality affiliate partners generating over \$50,000 in revenues.

Due to the effort of eBrandz Half Price Drapes has become one of top advertiser and continue to attract quality affiliate partners on daily basis.

I thank eBrandz for their effort and we look forward to working with them in expanding our program.

Sincerely,

H. Lodhi
