

Gifts and Flowers delivered throughout South Africa

We have been using eBrandz for the past 2 years or so and during that time we have received exceptional service. During the month of December, we wanted to capitalise on receiving targeted clicks related to the keyword "Christmas Gifts".

They created a Google Adwords account for us and presented us with a list of related keywords and ads. The process was quick and within a few hours from assigning them the task we were live with our ads.

We had great success this Christmas and we had achieved a record for the amount of orders within 1 day! It has been a pleasure to work with them.

Your general approach of overseeing our PPC campaign particularly the keywords created by you, truly worked for us! "Thank you eBrandz!"
