

**Elecwish** is a platform to help customers realize their ideal home. We provide one stop solution, for cozy home furnishing with the service to help people along the way. We want to solve the problem of over-priced, low quality and uninspiring home furnishings that have plagued our industry for decades, and be a catalyst for change and offer our clients cost-effective, innovative furniture created around a culture of service.

According to these, we not only sell premium products on our website with discount and free shipping, but also set up policies like drop-ship and Affiliate Program to attract more excellent partners to sell good furniture with us. But we are not proficient on these fields, so we are ignorant of the problems we have exposed and even do not know how to solve them.

Fortunately, eBrandz, an official agency partner with ShareAsale network & currently, found us at this time, carefully listing the parts worth improving, and recommending suitable services for us, and even sending a free Affiliate Marketing Analysis Report and meanwhile promising to help us make affiliate program to a new level. eBrandz showed us exactly what our competitors is doing in affiliate marketing and gain key success insights, but also explained in detail what is missing from our program & what steps need to perform to get results which is so detailed and valuable.

During this period, the eBrandz affiliate manager helped us generate more sales from our current & newly recruit affiliates by helping us create new banners for our promotion and sales, text link, update data and results weekly, affiliate newsletter with new design template, new affiliates recruitment, etc., these benefited us a lot.

We thought it was rewarding and worthwhile to choose eBrandz Affiliate Program Management services because we partnered with the expectation of better results, and the results actually did create more sales and more affiliate clicks! If we do this work ourselves, we would never achieve such an effect.

We have to say that eBrandz is an awesome partner, we really like and appreciate their dedication and services, and we are totally willing to give good feedback! In summary, their affiliate marketing services for Elecwish.com have improved sales, increased ShareAsale affiliates, promoted products, discount information, etc., which have given a lot of possibilities for improving our affiliate program and brought us more ROI. Well, if someone needs related services, then we will recommend eBrandz without hesitation, because eBrandz can give you unlimited expectations for good results.
